EVENT OVERVIEW

Prompt Wars is a competitive AI Prompt Engineering challenge where participants compete head-to-head in a knockout format. Contestants must create effective prompts within a limited time and generate the best possible AI output to solve a given problem.

Competition Aims to Test:

- Creativity
- Prompt Engineering Skills
- AI Tool Utilization
- Problem Solving Ability
- Time Management

COMPETITION FORMAT

- Competition will be conducted in a **1 vs 1 Knockout Format**
- Participants compete directly against another contestant
- Winners advance to the next round
- Losers are eliminated

QUESTION SELECTION

- A Question Bank will be prepared by the organizing committee
- Before each match, contestants select a random question number
- The corresponding problem statement will be assigned
- Question selection is purely luck-based
- All questions within a round will have similar difficulty levels

COMPETITION ROUNDS

Round 1 – Qualifier Round

Time Limit: 60 Seconds

Objectives:

- Basic Prompt Engineering
- Quick Thinking
- Effective AI Usage

Difficulty: Easy to Medium

Format:

- Problem statement is provided before the timer starts
- Contestants get time to understand the problem
- Timer starts after the announcement
- Participants must write a prompt and generate an AI output within 60 seconds

Round 2 – Advanced Prompt Battle

Time Limit: 90 Seconds

Objectives:

- Advanced Prompt Structuring
- Context Building
- Problem Solving

Difficulty: Medium to Hard

Format:

- More complex real-world problems
- Participants must generate optimized prompts and AI outputs within 90 seconds

Semi-Final Round

Time Limit: 120 Seconds

Objectives:

- Strategic Prompt Design
- Multi-Step Prompting
- Advanced AI Utilization

Difficulty: Hard

Final Round

Time Limit: 120 Seconds

Objectives:

- Master-Level Prompt Engineering
- Creativity
- Logical Thinking
- AI Optimization

Additional Requirement:

- Finalists may be asked to explain their prompt structure and strategy

ALLOWED AI TOOLS

Participants may use:

- ChatGPT
- Claude
- Gemini
- Perplexity
- Other AI tools approved by organizers

JUDGING CRITERIA

Criterion	Marks
Prompt Quality	6
Output Quality	4
Total	10

Prompt Quality Evaluation (6 marks):

- Clarity
- Structure
- Context
- Creativity
- Instructions Provided to AI

Output Quality Evaluation (4 marks):

- Relevance
- Accuracy
- Completeness
- Presentation

RULES AND REGULATIONS

1. Participants must report before their scheduled match
2. Any form of cheating will result in immediate disqualification
3. Pre-written prompts are strictly prohibited
4. Participants may only use approved AI tools
5. Internet usage is allowed only for accessing AI tools
6. Contestants must create prompts during the allotted time
7. Judges' decisions are final
8. Misconduct towards judges, organizers, or participants will lead to disqualification
9. Organizers reserve the right to modify the format if necessary
10. Participants must follow coordinator instructions at all times

TIE-BREAKER RULE

In case of a tie:

- A sudden-death challenge will be conducted
- New problem statement will be given
- Time Limit: 60 Seconds
- Judges will declare the winner based on prompt quality and output quality

DISQUALIFICATION CONDITIONS

A participant may be disqualified for:

- Using pre-written prompts
- Receiving external assistance
- Impersonation
- Misconduct
- Violating event rules

ORGANIZING COMMITTEE DECISION

The decision of the organizing committee and judging panel shall be final and binding in all matters related to the competition.
